

*Hatteras*

**There are a lot of reasons  
you'll want this Hatteras.**

**Then again, maybe there's only one.**

**The new Hatteras 60 Convertible.**

A legion of remarkable features take this beyond simple infatuation.

Bearing the roguish Carolina lines akin to the original Hatteras convertible, "Knit Wits," the Hatteras 60 Convertible is the newest, most dynamic expression of our sportfishing tradition. She's quick as a billfish, and as comfortable as a motor yacht. She's as easy to own and operate as she is to gaze upon.

Her top speed pushes 35 knots, with cruising speeds in excess of 30. That's fully loaded with weight, water, and fuel. And putting the modified-vee hull to full advantage, the boat tracks sharply in any condition the sea serves up. And with control heightened by a user-friendly, wrap-around console, the helm station puts you clearly in command.

The business end of this boat consumes nearly 160 square feet. With standard equipment including a tackle center, freezer, flush-in-deck storage boxes, freshwater washdown, and overhead lights in the flybridge overhang.

And below, the wide beam delivers a generous salon, dinette/galley, and three large staterooms. How large? Two with queen berths, and all three have their own private head.

Come see this exciting new convertible from Hatteras Yachts at this season's boat shows. And discover your own reasons for falling in love.
