75 Series Motor Yachts

Hatteras Yachts proudly introduces the 75 Series Motor Yachts, available in either a Cockpit or Sport Deck version. Both models are built standard with a spacious wide-body deckhouse, available optional with walk-around side decks. This fresh, new series sports a new flybridge, contemporary exterior styling and numerous interior appointments.

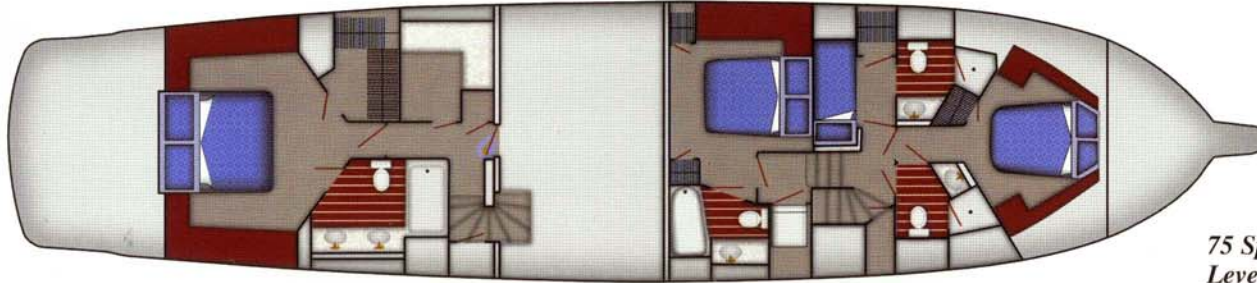

The 75's sleek profile features frameless windows with recessed pilasters, a rakish cabin front and windshield, stylish aft wing boards and custom oval portlights. Entertaining on the spacious bridge of the 75 is made easy with a sliding pilothouse door, two aft L-shaped lounges and 2 optional bar choices with a walk-through from the bridge deck to the boat deck.

The stunning interior of this new vessel is composed of contemporary cabinetry utilizing rounded moldings and stylish reveals, while also incorporating padded hull-side panels throughout. Both model's forward arrangement is identical, comprised of an amidship VIP stateroom, bow stateroom and port side crew's stateroom, all with adjoining heads. The master stateroom is positioned aft and is accessed by a private stairwell. An elegant double door entry with his/her wardrobes and heads comes standard with the 75CY, while the 75SD features a single large head and wardrobe with office.

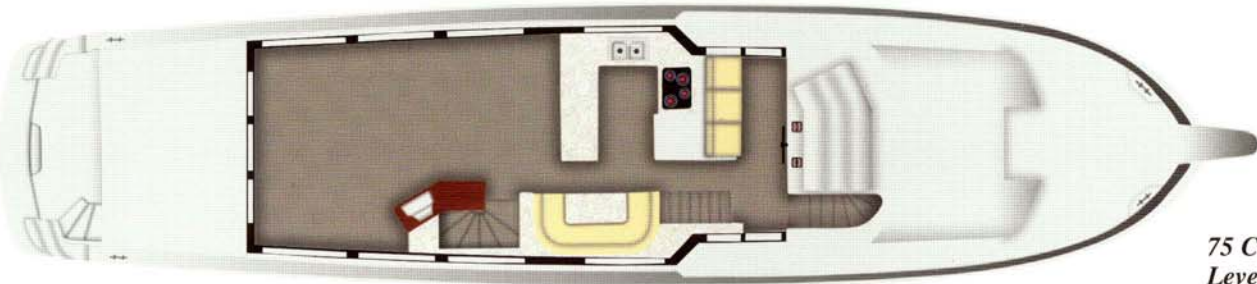

This exciting new model will be offered with CAT 3412E engines rated at 1400 BHP or the Detroit Diesel 12V-2000 engines rated at 1350 BHP. To provide the customer with a fully equipped base boat, standard features such as (2) 21.5 kw generators, stabilizers, bow windlass, electronics package and storage under hinged berths, are prevalent throughout.
